DETAILED ACTION

1. The Amendments and Applicant Arguments submitted on 07/09/10 have been received and its contents have been carefully considered. The examiner wishes to thank the Applicant for the response to the Examiner's action and for amending the claims in the appropriate manner.

Claims 6-9, 12 and 13 have been cancelled.

Claims 1-5, 10, 11 and 14-20 are pending for examination.

Response to Arguments

2. Applicant's arguments, see pages 10-12, filed 05/19/10, with respect to claims 1 and 18 have been fully considered and are persuasive. The rejections of claims 1-5, 10 and 14-20 have been withdrawn.

Election/Restrictions

3. Claims 1-5, 10, 11 and 14-20 are allowable. The restriction requirement between Species I-III, as set forth in the Office action mailed on 11/03/08, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 11, directed to Species III no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carl E. Schlier (Reg. No. 34,426) on 07/12/10.

The application has been amended as follows:

In claim 20, replace "claim 1" in line 1 with "claim 18".

Allowable Subject Matter

5. Claims 1-5, 10, 11 and 14-20 are allowed.

The following is an examiner's statement of reasons for allowance: The cited prior art do not teach or suggest an elevator controller or a method comprising: a main control unit calculates a plurality of first elevator travel parameters for an operation of the elevator, calculates a future predicted temperature state of a predetermined component of the elevator, compares the predicted temperature state to a range of permitted temperature states, performs operational control of the elevator using the first elevator travel parameters if the predicted temperature state is within the range, and changes at least one of the plurality of first elevator travel parameters if the predicted temperature state is outside of the range to obtain second travel parameters that will maintain a temperature of the component within the range and performs operation control of the elevator using the second elevator travel parameters. The combinations of the claimed limitations in the independent claims 1 and 18 are not anticipated or made obvious by the prior art of record in the examiner's opinion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kawing Chan whose telephone number is (571)270-3909. The examiner can normally be reached on Mon-Fri 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Walter Benson can be reached on 571-272-2227. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
